Soham Roychoudhury

Computer Science & Engineering (AI/ML) Undergraduate | Software & Web Development

+91 8240708402 | roychoudhurysoham112@gmail.com | Kolkata, West Bengal, India

SUMMARY

Computer Science & Engineering (AI/ML) undergraduate with hands-on experience in website development, front-end implementation, technical SEO, website performance improvements, and multilingual localisation. Built and enhanced a business website for an agricultural export company, including a custom client-side localisation system with 200+ translation keys and a product-load calculator. Seeking an entry-level software engineering or web development role.

TECHNICAL SKILLS

Programming Languages: JavaScript, Python, C++ (fundamentals)
AI & Machine Learning: Machine Learning Fundamentals, AI/ML Concepts
Web Development: HTML5, CSS3, Responsive Web Design, DOM Manipulation, Interactive UI
Performance & SEO: Caching, Page-Load Optimisation, XML Sitemap, robots.txt, Meta Descriptions, Google Search Console
Security & Functionality: SSL/HTTPS, Product Load Calculator, Client-Side Localisation (i18n)
Tools: Visual Studio Code, Google Apps Script, Workflow Automation

EXPERIENCE

Website Developer | IZIEAT (Client Project)
Aug 2026 – Present | izieat.com
- Developed website pages and interactive front-end features for an agricultural export business.
- Implemented a custom client-side multilingual localisation system with 200+ structured translation keys across four major pages.
- Worked on page-load performance and caching to improve responsiveness and repeat-visit experience.
- Configured XML sitemap, robots.txt, meta descriptions, and Google Search Console for crawl and indexing monitoring.
- Implemented SSL/HTTPS and developed a product-load calculator to support shipment planning.

Website Development & Digital Operations | India Centre
Mar 2026 – Present
- Update and customise website pages and implement content changes.
- Troubleshoot hosting, domain, and DNS issues; support ongoing website maintenance.

Digital Operations Manager | Latvian Cricket Federation
Oct 2025 – Present
- Manage website updates and maintain digital platforms.
- Coordinate digital workflows, project deliverables, and technical website maintenance.

Website Designer | Varti International
Apr 2026 – Aug 2026
- Designed website pages aligned with brand identity and business requirements.
- Organised page layouts and content for a clear, consistent user experience.

PROJECT

Custom Multilingual Localisation System | IZIEAT
- Created a centralised translation dictionary with 200+ structured keys and industry-specific agricultural B2B terminology.
- Enabled client-side language switching without external translation API dependencies.

EDUCATION

B.Tech in Computer Science and Engineering (AI & ML) — Netaji Subhash Engineering College
2024 – Present | Expected Graduation: 2028
Higher Secondary (ISC), Class XII — St. Mary's Convent School | 2024
Secondary (ICSE), Class X — St. Mary's Convent School | 2022
